Empowering education agencies. Connecting universities. Growing together.

OUR MISSION

To empower education consultancies and student recruitment agencies with access to global university opportunities, competitive commission structures, and collaborative support, helping our partners grow their study-abroad businesses and create greater opportunities for students.

OUR VISION

To become a trusted global partner in international student recruitment, building a collaborative network of education agencies and universities that drives sustainable business growth and transforms students' educational aspirations into opportunities.

THREE PILLARS OF APPLY2GROW

01

University Opportunities

Access to international university partnerships and study destinations.

02

Business Growth

Competitive commission structures and opportunities to expand recruitment portfolios.

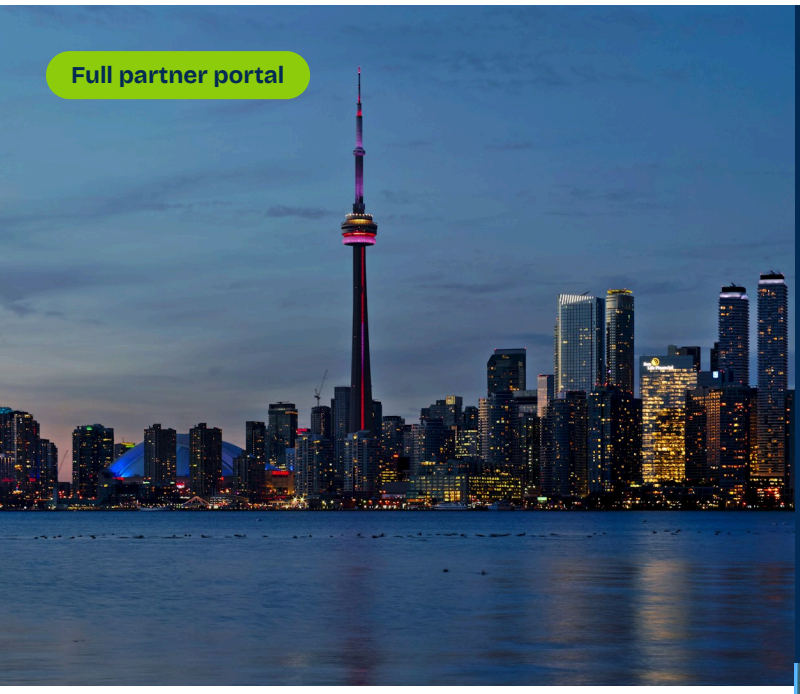

03

Collaborative Support

Partnership-driven assistance to help agencies develop and scale their businesses.

THREE WAYS TO PARTNER

Pick the partnership that fits how you work.

01 · RECRUITMENT AGENCIES

Grow your Canada business.

Verify your agency, upload your students' complete files, and we apply through our partnerships, working with you through to enrolment.

- **We never contact your students directly.**

02 · INSTITUTES & COACHING CENTRES

Partner with us.

Refer students from your classes or host Canada seminars at your venue. Share their contact and our counsellors handle the rest.

03 · TEACHERS & IELTS TRAINERS

Refer and earn.

Share the contact of a student who wants Canada. Our counsellors take it from there. You earn a fixed amount when your student enrols.

WHAT IS APPLY2GROW?

For us, students come first. Everything else follows.

Most agencies have direct agreements with only a few Canadian institutions. Prominent has 50+. Your students apply through our partnerships, using one portal, while you stay their counsellor and point of contact.
